

## VIDEO INSTRUCTION ON THE 7 INCH REAL GLASS TOUCH DISPLAY

The user interface with its innovative smartphone technology is explained in a very understandable way via short videos

**NEW**

### THE SMART VISUAL SOLUTION BY VIDEO INSTRUCTIONS

Through the smart short videos on the ECOS touch display, you will learn very efficiently and playfully which new functions the ECOS is equipped with and how they are implemented in the application.

- ✓ Setting options are directly represented by an individual video
- ✓ The videos are shot from the user's point of view so that you can type in the functions
- ✓ Intuitive learning of the touch display controls with a descriptive video

## DIGITAL USER MANUAL WITH SEARCH AND ZOOM FUNCTION

The innovative digital operating manual eliminates the troublesome search for the desired topics in the manual

**NEW**

The image shows a digital user manual table of contents on a touch screen. The content is as follows:

### INNOVATIVE DIGITAL OPERATING MANUAL

With the digital operating instructions from Sommerauer, you can find the desired information immediately and reliably directly on your touch display. This saves you time and is efficient in implementation.

- ✓ Direct digital access to the operating instructions on the multi-colour touch display of the ECOS
- ✓ The table of contents is provided with hyperlinks that take you immediately to the individual page and the desired topic. This saves a lot of time, makes navigation very easy and ensures maximum ease of use!
- ✓ The innovative swipe function eliminates the need for arrow keys. This ensures very comfortable scrolling
